

Special Offer

www.wherethereisawill.com.au

This service was created to offer people peace of mind in knowing that they can leave a trail for others to know where their important documents are held.

The site was established to avert difficulties associated with lost or out-of-date Wills and related documents.

It was born out of the anguish suffered by a co-founder, whose brother died unexpectedly and without his family knowing whether he'd made a Will and if he had, where it was held.

This is a very secure site, and our service is used by a number of professionals, e.g. solicitors, accountants, business professionals, as well as individuals. We value your privacy and no personal details are available to those conducting searches. Likewise your information will not be used in any way whatsoever for any marketing, promotional or cross selling.

A search of our customer example – “Happy Jan” with Date of Birth 14 February 1954 – will show you just how much peace of mind our service offers.

We are in the process of expanding the business and we are offering a NO COST LISTING for anyone who joins before 31 March 2012.

Do have a good look around the site, especially the articles located towards the bottom of our 'Useful Links' page. If you like what you see, then please send us an email to info@wherethereisawill.com.au and we will aim to respond within 48 hours, or if you would rather speak to us personally then the number to ring is 0427 523 119. Please note that our contact times are between 9.00am-9.00pm 7 days per week.

*Peace of mind is not just knowing you have left a Will,
it's knowing that others know where you have left it*
